### What is this type of insurance?

This product meets the demands and needs of someone wanting help paying vet bills for treatment until the condition limit is used for that accident, illness or condition. This product may not provide full coverage against vet fees but is likely to provide a contribution towards the cost of a claim. Our Max Benefit pet insurance policies offer cover for accidents, illnesses and conditions. Your product does not have an annual limit, which means you can claim for an unlimited number of different conditions or injuries in the same year. Instead, your product offers a per condition limit, which means you have a set amount to spend on each injury, illness or condition.
